

How you can treat Gout at your home

The human body, **uric acid** is created from the metabolic collapse of **purines**. This is commonly based in numerous foods. Normally **uric acid** is actually gets liquefied in the body fluid and eradicate through the urine. But in other case when the level of uric acid in the body elevated and also their crystals acquire entered in the joints then it results **gout**. Gout can be the biggest reason of hyperuricemia.

You can Do **Gout Treatment** At Home

You can remove and cure gout with a lot of house medications. First of all if you are feeling pain then you put some ice cubes within the ice bag and apply it slowly on the affected area or affected joint where you feeling pain. Through this the swelling of the joint decreased and keep one thing in mind that does not apply this process for more than 5 minutes continuously.

- And you can hold your affected joint under the cold water this will give you quickly relief from this pain.
- Usually do not hold your joint under the cold running water for more than 2 minutes.
